Where were you born?  
Boynton Beach, Florida.

Where were you raised?  
Deerfield Beach, Florida.

What was your favorite year of high school?

Why?

My junior year (11<sup>th</sup> grade), because it was the year I first joined the MHS chorus. For one reason or another, which does not come to mind at the moment, I was considerably nervous about joining Monarch's choral ensemble two years ago. At the time, I enjoyed singing to myself for fun and for the entertainment (and, more often than not, amusement) of my peers (and still do, even to this very day); it was through this very habit that, back in my Sophomore year, a friend of mine who was a graduating Senior at the time, whose name I cannot recall, recommended that I sign up for the program. And I can say with dignity, grace, thankfulness, pride, honor, respect and appreciation that I have not looked back ever since.

What is one thing that you will miss about high school?

Without question, I will miss above all else the faculty. Never in all of my years as a scholar have I ever come to know a more caring, understanding group of people anywhere else but here. Each teacher and staff member has always struck me as genuinely concerned and truly devoted to helping all students, without exception, make advancements and strides in their education and elevate their potential to as elite a plateau as is humanly reachable. I really am grateful for all of their efforts towards assisting me in bettering myself as an individual, and hope that, in my later years, I will be able to prove that I learned and derived enough from them that they will be able to agree amongst themselves that it was not all for naught.

What have you done that has made an impact on Monarch High School?

I have acted as an ambassador, or a bridge, if you will, between the general population and the population of ESE students, who are sometimes misunderstood. I have participated in the Monarch High School chorus, ranging from an upper-part bass to a falsetto tenor since August of 2008. I

performed in two plays (“Grease” (Roger); “Much Ado About Nothing” (Balthazar)), and currently are in the process of practicing and rehearsing for an ensemble role in a third, the upcoming production of “Rent”. Additionally, I was invited twice, and sang with, the FAU Honor Choir, participated in the Relay for Life and the Best Buddies Club, and helped raise money for various charities. I have sung the National Anthem at numerous public venues, including Royal Palm Place, the MHS auditorium and gymnasium, Veterans’ Park in Margate, and various other schools. Additionally, I have been inducted into the National Society of High School Scholars. I have helped out and assisted others at car washes, candy sales and Track and Field events, designed graphics and created signs for Investments Limited, a real estate company based in Boca Raton, and most recently participated in the Solo/Ensemble Festival.

What are your plans after graduation?

I plan on attending Florida Atlantic University in Boca Raton, and hope to pursue and obtain a Bachelor’s degree in Interdisciplinary Studies, which will enable me to pursue my career aspirations of being an entertainer and working as a singer, a writer, an announcer, a host and an emcee.
