

Biome Project
100pts
Due: 2/18/2011

You will summarize the following biomes in book format, poster and/or report. You must have all 10 completed before you turn the project in (If only 9 biomes complete, you will not receive a grade) . Make sure to cite your sources, which includes pictures that you may use. Use the list below as your guide (10 pts each) :

- Tundra
- Desert
- Coniferous Forest
- Deciduous forest
- Chaparral
- Grassland
- Temperate Rainforest
- Scrubland
- Savannah
- Tropical Rainforest

For each of the above biomes please describe the following:

- Temperature/precipitation Range (1pt)
- Climax Community (drawing/picture) (3pts)
- Typical food chain (2pts)
- Threats due to humans (2pts)
- Soil types (profiles) (2pts)
