

## Hurricane Project

Individually, you will research about hurricanes and their destructive behavior. You compile this as a power point or keynote (with pictures). YOU will then put this in my dropbox by the due date.

### 1. Formation of a Hurricane

- describe the formation of a hurricane (weather conditions)
- temps needed,
- time of year it occurs

### 2. Categories of Hurricanes

- Explain the scale for categorizing hurricanes
- explain the requirements of each category

### 3. Top 5 most destructive hurricanes in U.S. history

- find and describe the top 5 hurricanes
- be sure to include the following facts:
  - year it occurred
  - category
  - path/ duration (picture, if possible)
  - total cost
  - death toll/injuries
- include a one to two sentence synopsis of the hurricane
