

AP Psychology Vocabulary Assignment

- Each morning there will be 2 – 4 vocabulary words on the board.
- You will have the first 5 – 10 minutes of class to go through the book and define the word.
- You will come with an explanation, in your own words, of what this word means and how it used in the context of psychology.
- You will then come up with a pictorial representation for the word. This can either be a drawing, photograph, graph or chart.
- You will have your vocabulary assignment checked twice during the semester, once at the mid-term and then before the final exam. There will also be periodic checks in each quarter to assure that you are staying current on your vocabulary.
- Each check is worth a test grade.
- If you are absent from class it is your responsibility to get the words you missed from a classmate or my web page.
