

Extra Credit Project 2nd Quarter AP Psychology

If you have attempted all assignments up to this point you are eligible for extra credit. You must check with me to assure that you are eligible. This project will be a summary of what we have covered thus far in AP Psychology. You will be making a time line of the material that we have covered.

This project will help in not only your review for your final exam but your AP exam as well. You will construct a time line of information starting from the prologue to chapter 18. You will put your time line on a poster board. For each chapter you will put pictures, graphs, and images to depict information. You may use key vocabulary words as well. In the end, your project should depict the information that you believe is the most important from those chapters.

This project is due on Tuesday 1/6/2009.
