

Class Period 4

Receipt of Material Sheet

Stagecraft - Wicht

Please read this sheet in its entirety. Students should **place their initials next to each item**. When sheet is completed and all materials have been read, sign and date the bottom of the page. If you have a question, please ask.

- I have received a copy of Theater Arts – Classroom Guidelines. I have read and understand its contents. It will be kept in my notebook.
- I have received a copy of Stagecraft Course Outline. I have read it and placed it in my notebook. (After school participation in theatre activities is strongly recommended – but not required – for students who wish to pursue theatre further)
- I understand that there is no take home textbook for this course. Class notes, handouts, in class readings, classroom activities and projects will support the curriculum.
- I understand that I must keep a well-organized data for this class. I know that this data **must be brought to each class meeting**. It must contain the Classroom Guidelines and Course Outline as well as all class notes, handouts, and evaluation forms. These items may be kept in a notebook.
- I understand that this is an activity-based class. I **MUST** participate in this class to pass it.
- In order to study drama “in action” these plays on video may be viewed in class: *Once on This Island, Into the Woods, Oliver!, That’s Entertainment, Othello.*
